Only **YOU** Can **PREVENT** Forest Fires

New Hampshire faces a real forest fire problem and challenge! To meet it successfully, New Hampshire and your community needs **Your** thoughtful and co-operative effort.

Continuously heavy lumbering operations following the hurricane has produced more than 4 billion board feet of lumber. This lumber helped win World War II, meet post war needs and now the current requirements for the Korean military action. But it has added nearly 900,000 acres of slash to our already sizeable slash problem.

- . . . When **YOU** fail to use needed precautions while burning in or near woodlands . . .
- . . . When **YOU** fail to secure the required permit from your local forest fire warden before burning
- . . . When **YOU** are careless in smoking near woodlands . . .
- . . . When **YOU** throw lighted cigars, cigarettes and matches from vehicles moving along the highway
- . . . **YOU** are violating fundamental common sense and may easily contribute to a substantial and costly fire. Such conflagrations are possible because of the hundreds of thousands of slash acres throughout the state!
- . . . **REMEMBER**—the fire **YOU** prevent might be one which could conceivably burn **Your** property and harm **YOUR** community!

ONLY YOU and **YOU** and **YOU** can prevent forest fires! !

. . . Will **YOU** help!

SUPERINTENDENT'S REPORT

To the School Board and Citizens of the Landaff School District:

I herewith submit my ninth annual report as Superintendent of Schools.

The total enrollment in Blue School last year was 31, the average membership 26.7 and the percent of attendance 92.85. There were 18 pupils attending Lisbon elementary school, and 14 Lisbon high school.

The enrollment in Blue school this year is 29. Nineteen pupils are attending Lisbon elementary school and 13 are attending Lisbon high school.

Next year we expect 18 pupils will attend Lisbon high school as compared to 13 who are attending this year. This accounts for the major part of your budget increase. Five more high school pupils will increase your tuition cost \$1,250.00.

I have made a careful study of your school costs and both your elementary and high school costs are below the state average. If school costs seem high in Landaff, it is because you have a large number of pupils in your district in proportion to your valuation.

Blue school is progressing well under the guidance of Mrs. Helen Currier. Mrs. Currier is an efficient teacher and I feel you are fortunate to have her.

We planned to shingle the Blue school on one side, but found that both sides needed repair. Mr. William Stephens completed this work during the summer.

In order to make both ends meet this year, we have had to practice most rigid economy. We have discontinued the lunch program and economized on all school supplies.

I have enjoyed the work in your community and appreciate the cooperation of the school board and people of the community.

Respectfully submitted,

RONALD A. PERHAM
